

### Beazley Medal: TEE

The Beazley Medal: TEE is awarded to the student obtaining the highest score in the determination of the general exhibitions.

The winner of the 2008 Beazley Medal: TEE is

**BINU PASAN JAYAWARDENA**

HALE SCHOOL

### STUDENT ACHIEVEMENT

The Curriculum Council wishes to congratulate the Beazley Medallist: TEE and the Beazley Medallist: VET for their outstanding individual achievements.

The Curriculum Council also congratulates the winners of the general exhibitions for their outstanding achievement in tertiary entrance rank subjects and courses, and the students who achieved subject exhibitions, certificates of distinction, certificates of excellence, special subject awards and special certificates of distinction in the full range of subjects and courses.

#### SCHOOL COMPARISONS

The Curriculum Council recognises the contribution which schools and teachers make to student performance. At the same time, the Curriculum Council is convinced that comparing the numbers of high achieving students is not a legitimate basis for judging schools.

#### This is because:

- the number of students taking TEE subjects and/or WACE courses and wholly school assessed subjects varies from school to school.
- many socio-economic factors are associated with the level of student

examination performance.

- students vary greatly in their career ambitions and application to study.
  - academic achievement does not cover all aspects of the work of schools.
- The representatives of government, Catholic and independent schools, WA Department of Education and Training, universities and the community, who constitute the Curriculum Council, are adamant that comparing schools solely on the basis of examination results is misleading and invalid.
- BILL LOUDEN, CHAIRPERSON CURRICULUM COUNCIL**

### Beazley Medal: VET

The Beazley Medal: VET is awarded to the student who has demonstrated the best results in a vocational program.

The winner of the 2008 Beazley Medal: VET is

**EMMA LOUISE HUDSON**
