

Externally set task – General and Foundation course specific requirements

To complete the externally set task (EST), students should take with them items they typically use for school-based assessments, e.g. pens, pencils, ruler. For scanning purposes, students are requested to use only blue or black pen (not gel or erasable pens) and, where necessary, dark pencil.

Teachers must ensure students have their Western Australian student number (WASN) at the time of administering the EST, as this number must be written on the front cover of the EST.

Table 1. General (G) and Foundation (F) course specific requirements for the 2027 ESTs

Course	Specific requirements
Aboriginal and Intercultural Studies	Nil
Aboriginal Languages of Western Australia	Nil
Accounting and Finance	A calculator of the type used in classroom assessments
Ancient History	Each elective will have its own task
Animal Production Systems	A calculator of the type used in classroom assessments
Applied Information Technology – F	A calculator of the type used in classroom assessments Coloured pencils
Applied Information Technology – G	Coloured pencils
Automotive Engineering and Technology	A calculator of the type used in classroom assessments
Aviation	Flight computer A calculator of the type used in classroom assessments
Building and Construction	A calculator of the type used in classroom assessments
Business Management and Enterprise	A calculator of the type used in classroom assessments
Careers and Employability – G	Nil
Career and Enterprise – F	A calculator of the type used in classroom assessments
Chemistry	A calculator of the type used in classroom assessments
Children, Family and the Community	Nil
Chinese: Second Language	Chinese/English and English/Chinese print dictionary
Computer Science	A calculator of the type used in classroom assessments
Dance	Nil
Design	Coloured pencils Each context will have its own task
Drama	Coloured pencils

Course	Specific requirements
Engineering Studies	A calculator of the type used in classroom assessments
English – F	Nil
English – G	Nil
English as an Additional Language or Dialect – F	A dictionary
English as an Additional Language or Dialect – G	A dictionary
Food Science and Technology	A calculator of the type used in classroom assessments
French: Second Language	French/English and English/French print dictionary
Geography	A calculator of the type used in classroom assessments
German: Second Language	German/English and English/German print dictionary
Health Studies	Nil
Health, Physical and Outdoor Education – F	A calculator of the type used in classroom assessments
Human Biology	A calculator of the type used in classroom assessments
Humanities and Social Sciences in Action	Nil
Indonesian: Second Language	Indonesian/English and English/Indonesian print dictionary
Italian: Second Language	Italian/English and English/Italian print dictionary
Japanese: Second Language	Japanese/English and English/Japanese print dictionary
Marine and Maritime Studies	A calculator of the type used in classroom assessments
Materials Design and Technology	A calculator of the type used in classroom assessments Coloured pencils Each context will have its own task
Mathematics Foundation	A calculator of the type used in classroom assessments Notes if used typically in classroom assessments
Mathematics Essential	A calculator of the type used in classroom assessments One doubled-sided A4 page of notes
Media Production and Analysis	Nil
Modern History	Each elective will have its own task
Music	Nil

Course	Specific requirements
Outdoor Education	A calculator of the type used in classroom assessments Navigational baseplate compass
Physical Education Studies	A calculator of the type used in classroom assessments
Plant Production Systems	A calculator of the type used in classroom assessments
Psychology	A calculator of the type used in classroom assessments
Religion and Life – F	A calculator of the type used in classroom assessments
Religion and Life – G	Nil
Science in Practice	A calculator of the type used in classroom assessments
Visual Arts	Coloured pencils
