Please note:

- 1. If the student has attended one or more schools overseas where the language of instruction at the school is the language being applied for, or, if the student studied the language being applied for, then reports from these schools must be submitted with the application.
- 2. If the student has resided in, and/or travelled to, a country or place where the language they are applying for is used for communication, the passport page showing the student's name, place of birth and nationality must be submitted with the application.
- 3. If the student was born overseas they must provide the passport page authenticating the date of entry into Australia as a resident.
 - Should the passport not be accessible, the student is required to request an International Movement Records (IMR) document, available from the Department of Immigration and Border Protection. The *Request for international movement records* form includes instructions for submission and is available at:
 - https://www.border.gov.au/Forms/Documents/1359.pdf
- 4. If the student has visited or had in-country experience in a country where the language they are applying for is a language of communication, they are to indicate this in Column 3 of Table 3.2.1 and also to complete columns 4 and 5. Travel to other places is not required in this table. Should a student, in one year, have lived in more than one country this must be indicated in Column 2, e.g. Australia (3 months)/Malaysia (9 months).
- 5. The statutory declaration can be witnessed by the student's language teacher or by the student's parent providing they hold one of the recognised qualifications.
