Visual Arts ATAR course Practical (production) examination

This document provides general advice to teachers, candidates and parents about the Visual Arts ATAR course Practical (production) examination.

Where the Year 12 ATAR course has both written and practical examinations, students are required to sit for both of these examinations. Candidates who do not sit an ATAR course examination and do not have an approved sickness/misadventure application for that course, will not have the grades for the pair of units completed in that year contributed to the calculation of the Western Australian Certificate of Education (WACE).

Schools are required to submit their candidates’ practical (production) examination submissions to the designated venue between 8.00 am and 4.00 pm on Wednesday, 23 September 2020.

Delivery instructions for the submissions will be sent to schools during Term 3.

For Visual Arts, the ATAR course examination weightings are:

- Written examination paper 50%
- Practical (production) examination 50%

1. Reporting achievement

Teachers are responsible for ensuring the practical (production) examination requirements are met and making sure candidates are adequately prepared. Teachers must ensure they are using the current syllabus. Any further advice on matters related to the syllabus or assessment will be published in the 11to12 Circular (http://www.scsa.wa.edu.au/publications/circular-ecircular) on the School Curriculum and Standards Authority (the Authority) website.

For all ATAR courses with a practical examination, for the pair of units, schools are required to submit to the Authority a:

- course mark out of 100 (weighted for each component)
- mark out of 100 for the written component
- mark out of 100 for the practical component
- grade for the completed pair of units.

2. Forms

The following forms will be used for the practical (production) examination submission and have been provided in this document as sample appendices only:

- Declaration of authenticity (Appendix 1)*
- Practical (production) examination 2020 submission cover sheet and photograph(s) (Appendix 2)*
- Artist statement (Appendix 3)*
• **Visual evidence of work in progress** (Appendix 4)*
• **Production validation** (source acknowledgements) (Appendix 5)*
• **Predicted scores data entry form** (Appendix 6)
• **Visual Arts submission categories data form** (Appendix 7)*.

Note: *Copies of these forms are available for download from the course page on the Authority website.

### 3. Provisions for sickness/misadventure

Consideration may be given to candidates (except non-school candidates) who believe their practical (production) examination submission may have been affected by an unexpected sickness, or unforeseen event beyond their control, close to or during the examinations. Such candidates may apply for sickness/misadventure consideration. Candidates may make an application for sickness/misadventure by **4.00 pm Tuesday, 24 November 2020** using the form available in schools or on the Authority website, [Applications and Order Forms](https://www.scsa.wa.edu.au/forms/forms).

### 4. Late submissions

Late practical (production) examination submissions cannot be accepted and candidates who do not submit a production and do not have an approved sickness/misadventure claim will not receive a mark for the course and it will not contribute to any of the WACE requirements.

### 5. Principles of external assessment

The marking process preserves the anonymity of the candidate and their school. This requires that candidates and their work are identified only by their Western Australian student number (WASN).

#### 5.1 The authenticity of the candidate’s production work must be guaranteed

It is essential that:

• the main development of work takes place in school time
• work completed away from school is regularly monitored by the teacher
• each candidate signs a **Declaration of authenticity**, (a legal document), witnessed by the supervising teacher and the Principal to endorse the originality/authenticity of the submitted practical (production)
• a copy of the signed **Declaration of authenticity** is kept by the teacher on record at the school
• under no circumstances can any other person work directly on any part of the candidate’s practical (production) examination submission except for those acknowledged in the **Production Validation form**
• this work is not submitted by the candidate for any other ATAR course
• only materials received by the Authority by the specified time on the due date are permitted to be presented to the markers
• the teacher/supervisor has a significant role in monitoring candidate progress and in providing ongoing feedback and assessment throughout the process.
Teachers should monitor the candidate’s work from the beginning to ensure that there is no plagiarism in the work that is to be submitted for marking. If the teacher has been unsuccessful in working with the candidate to avoid plagiarism while monitoring the process of work, then the teacher should sign the *Declaration of authenticity* and a note to this effect at submission time.

Non-school candidates are to complete the *Declaration of authenticity* in the presence of an authorised witness. A list of authorised witnesses can be found on the Department of Justice website Witnessing Documents (http://www.courts.dotag.wa.gov.au/W/witnessing_documents.aspx).

### 5.2 Markers apply a consistent standard to assess the candidate’s work

This requires:

- the marking key for the examination
- attendance at a marker training meeting prior to the commencement of marking
- trial marking of work to ensure a common understanding of the marking key
- the practical (production) examination submission be marked independently by at least two markers
- that the marks will be reconciled
- that the Chief Marker ensures consistency throughout by monitoring the marking process and reconciling significant differences where necessary
- that if the Chief Marker considers that the practical (production) examination submitted is not the candidate’s own work completed through the duration of the units being examined, the matter is referred to the Breach of Examination Rules Committee
- that each practical (production) examination submission must not incorporate marks or teacher comments
- that exemplar materials are selected by the Chief Marker and used to exemplify the standards
- that markers do not adjust marks according to alleged plagiarism
- that markers assess the candidates’ work in light of the marking key.

### 6. Criteria for marking

The Chief Marker sets the standards based strictly on the criteria set down in the practical (production) examination marking key.

A numerical scale is used to assess the candidate’s practical (production) examination submission in terms of:

- creativity/innovation
- communication of ideas
- use of visual language
- selection and handling of media, materials and/or technology
- application of skills and/or processes.
7. Plagiarism, appropriation and attribution

Plagiarism means:

- submitting, as one's own artwork, work that another person has completed
- downloading artwork, graphics or other material from the internet and presenting it as one's own without acknowledgement
- submitting artwork to which another person such as a parent, teacher or professional expert has contributed substantially. While the practice of having others significantly assist in the preparation of submitted work may be a form of plagiarism, it may also be a form of fraud when it involves significant and/or improper third party assistance.

Candidates may use appropriation provided that they have appropriately referenced and acknowledged the source on the Production validation (source acknowledgements) form including the URL where necessary.

Candidates whose artwork uses appropriated or reworked images must attribute all borrowed ideas and images. The name of the artwork and artist must be included on the Production validation (sources acknowledgements) form.

Appropriation means:

To ‘appropriate’ is to take possession of something. Appropriation artists deliberately copy images to take possession of them in their art and re-present the significance of the image or images to achieve a new level of meaning and innuendo, including irony.

These artists are not stealing or plagiarising. They are not passing off the appropriated images as their very own. The appropriation artist ‘recontextualises’ (puts into a new context) these particular images in order to create a whole new work, independent of the original source.

Appropriation artists hope the viewer immediately recognises the images they copy, and they depend on the viewer’s ability to bring all of his/her original associations with the image to the artist’s new context in order to enhance the meaning of the work. Irrespective of the work, this deliberate ‘borrowing’ of an image for this new context helps the artist comment on the image’s/images’ original meaning and the viewer’s association with the original image/s or the real thing.

Attribution means:

Attribution can be defined as something, such as a quality or characteristic, that is related to a particular possessor; an attribute; the act of attributing, especially the act of establishing a particular person as the creator of a work of art.

[© 2011 Houghton Mifflin Harcourt Publishing Company. Adapted and reproduced by permission from The American Heritage dictionary of the English language (5th ed.)]
The Authority has a specific process for dealing with alleged plagiarism in an examination. See Section 6 of the WACE Manual 2020.

8. Breach of examination rules

A breach of examination rules referral will be issued if the practical (production) submitted by the candidate:

- is not in accordance with the signed Declaration of authenticity
- incorporates marks or teacher comments
- identifies the candidate’s name, school and/or teacher
- does not comply with category size, weight or time requirements, electrical compliance or is dangerous to handle
- is plagiarised
- is framed
- does not have the Practical (production) cover sheet and photograph(s) and Production validation (source acknowledgements) forms completed.

A breach of one of these rules can result in cancellation of a part or all of the practical raw examination mark.

The absence of a signed Declaration of authenticity at submission time, will result in a breach of examination rules referral.

9. Submission requirements

Candidates must submit their practical (production) examination through the school. A candidate’s practical (production) examination submission must include the resolved artwork.

The following appendices must be stapled and two-hole punched in the order shown below:

- Practical (production) examination 2020 submission cover sheet and photograph(s) which includes an electrical compliance statement (as required)
- Artist statement (provide only one statement to cover the entire submission)
- Visual evidence of work in progress
- Production validation (source acknowledgements).

The completed Declaration of authenticity must not be attached to the practical (production) examination submission. The completed declaration must be placed in the folder provided by the Authority for this purpose.
Schools submitting the artwork should ensure that the stapled appendices are attached to the resolved artwork or package (if there is more than one artwork) containing all items for a candidate’s practical (production) examination submission, if there is more than one artwork.

If the submission is an audiovisual production on a USB or if a USB is submitted together with another category submission, then the USB must be placed in an A4 clear plastic button document wallet. The USB and plastic button document wallet must be clearly labelled with the candidate’s WASN both on the USB itself and on the top right hand corner of the flap of the plastic button document wallet.

Schools submitting artwork by courier must ensure that all three folders for the Declaration of authenticity, Predicted scores data entry form and appendices are secured in a visible position in the package. Schools must clearly identify on the outside of the package where the paperwork can be found. To assist with the submission process, avoid placing forms in and amongst the package wrapping. If there are multiple packages, each package should be labelled with the school name, numbered 1 of X, 2 of X etc.

If the submission has more than one artwork, each individual part of the practical (production) submission must be labelled with the candidate’s WASN and must be numbered 1 of X, 2 of X etc.

9.1 The resolved artwork

A resolved artwork is an artwork that would generally be considered display or exhibition ready.

Resolved artwork(s) submitted can take a variety of forms, including individual artwork(s) linked either conceptually or materially.

The resolved artwork must be selected from the pair of ATAR course units completed by the candidate through the duration of the ATAR course being examined. Teachers are encouraged to assist candidates in the refinement of their choices. Candidates are advised to select artwork that demonstrates their highest achievement in production and which conforms to the definition of a resolved artwork.

9.2 Practical (production) cover sheet and photograph(s)

Photograph(s) provided should show the resolved artwork as it would be displayed. Photograph(s) must be included and stapled in the correct order as above (this applies to Categories 1, 2 and 3 and all combinations of Categories 1, 2 and 3). Candidates must write their WASN on the back of photograph(s).

Note: markers will not move artwork to a special room to accommodate lighting and unusual display requests.

9.3 Visual evidence of work in progress

Candidates should include nine photographs to support the production submission. Photographs may be from significant and appropriate stages of the art making process (e.g. one art journal page, studio process, sensory/experiential stimulus, media experiment).
Photographs of faces and school logos should be pixelated/blurred to preserve the anonymity of the candidate, school and/or teacher.

Note: photographs are to be single frames not composite images. Photographs of journal pages must be clear if they contain more than one image on the journal page. They should be from different stages of the art making process of the final artwork(s).

9.4 Production validation (source acknowledgements)

All candidates must complete a Production validation (source acknowledgements) form. Candidates must acknowledge all sources on the Production validation (source acknowledgements) form provided. Direct use of stimulus material or copying of another person’s artwork without proper acknowledgment is not permitted. All candidates must complete the Primary sources section of this form and if applicable, the Secondary sources and internal and external assistance sections.

All primary and secondary sources including external assistance provided or outsourcing used in the construction must be acknowledged. A primary source is original stimulus/information (such as direct observational drawings, photography, interviews, collection of objects, sourcing of materials), upon which the candidate’s artwork is based. Secondary sources are those sources that have been utilised (including visual images or sound that has been appropriated, used or adapted, other artists’, designers’, photographers’ works and written articles, found online or in hardcopy texts) in the resolved artwork. Internet sources must have reference to the URL and preferably a screenshot of the internet site from where the image(s) was obtained.

The transference of images onto surfaces is an accepted artistic process. If the image being transferred is the candidate’s own artwork, then acknowledgement is not required. However, images that are obtained from a secondary source and then transferred onto any medium by any means such as overhead projectors, computers etc., must be acknowledged in the Production validation (source acknowledgements) form.

The use of brand names or logos may be an intrinsic part of an artwork, in particular to create commentary and parody, such use must be acknowledged in the Production validation (source acknowledgements) form.

Avoid reference to the school, teacher’s name in the secondary acknowledgement especially in the Production validation (source acknowledgements) form. Use generic names, for example if the candidates’ father has provided assistance, refer to the person as ‘my father’ and not ‘my father, Mr Smith’. Do not use ‘the Hope School’s D&T department’ but rather ‘the school’s D&T department’.

9.5 The Artist statement

The Artist statement is a concise explanation of the selected artwork in 300 words or less. A single Artist statement is submitted for the entire submission. The Artist statement explains the rationale for the conceptual and material development and realisation of ideas and artwork.

The Artist statement is read by the markers in conjunction with submitted artwork. Markers will only read up to 300 words. The Artist statement is not assessed formally as its purpose is to provide clarification of the ideas communicated in the resolved artwork.
9.6 Electrical compliance

Artwork requiring any electrical connection to mains power must be certified by a qualified electrician and have a certification tag attached. Artwork delivered to the marking venue without the required tag will not be plugged into a power source until the artwork has been certified by a qualified electrician. Compliance will be checked when artwork is delivered and schools will be notified immediately of non-compliance. All electrical certification costs incurred will be the responsibility of the school. Compliance must be completed before the commencement of marking. Candidates need to acknowledge compliance on the Practical (production) examination 2020 submission cover sheet and photograph(s) and advise in writing if parts of the electrical connection do not require electrical certification.

Copies of all paperwork required for submission and, if applicable, the electrical certification tag must be retained by the school.

10. Predicted marks

At the time of submitting the productions, schools are required to submit a predicted mark out of 100 for the practical (production) examination submission. If there is a large difference between the predicted mark and the examination mark, the practical (production) examination submission is reviewed by the Chief Marker. This process assists in ensuring the integrity of the practical (production) examination submission marks.

The predicted mark is the school’s mark assigned to practical (production) examination submission only. The teacher will provide the predicted school mark on the Predicted scores data entry form.

11. Submission categories – maximum size, weight or time requirements

Candidates make their submission in one of the three categories. For the purposes of fairness and equity the following requirements regarding the maximum size, weight or time of submitted artwork must be adhered to. The overall requirements of weight (20 kg), display space (two and a half square metres), volume (1.5 cubic metres) and time (four minutes) applies to the entire submission in Categories 2 and 3 regardless of whether the submission is a single work or a combination of different artworks. For example, if three- and two-dimensional work are included in one submission in Category 2, the entire display space must not be more than two and a half square metres, weigh no more than 20kg and be no larger in volume than 1.5 cubic metres. See Submission dimensions (Appendix 8).

Category 1

Two-dimensional artwork is submitted in this category. The complete submission must not exceed two and a half square metres (2.5 sqm) when displayed for marking. The resolved artwork must not exceed 20 kg in weight when packed or constructed for marking. The depth of the resolved artwork should not exceed 10 cm. Generally when there is an extension of 10 cm or more from the surface of the artwork it becomes a 3D artwork.
Category 2

Three-dimensional artwork is submitted in this category. The complete submission must not exceed 1.5 cubic metres in volume. The resolved artwork must not exceed 20 kg in weight when packed or constructed for marking. Three-dimensional artwork which includes audiovisual footage must not exceed four minutes in duration and must be submitted on USB, CD or DVD if included in this category. File formats must be capable of being played in VLC Media Player for use on a PC or MAC.

Two-dimensional artwork may accompany the resolved artwork submitted in this category. The two-dimensional submission must not exceed the size and weight restrictions as detailed in Category 1.

OR

Category 3

Time and motion-based artwork is submitted in this category. Forms such as animation, film, audiovisual and slideshow, which may include a sound recording, are included in this category. The individual submission must not exceed four minutes in duration and must be submitted on USB, CD or DVD. File formats must be capable of being played in VLC Media Player for use on PC or MAC.

USB submissions must be checked for viruses before submitting and should not contain any other material except the production. It is the teacher’s responsibility to ensure the practical (production) examination submission on USB is rendered in a format which is compatible with the VLC program so that markers are able to view it. Details of specific formats can be found on the VLC website (http://www.videolan.org). Label the USB with the WASN.

Photographs or an audiovisual (must not exceed four minutes in duration) of two- and three-dimensional artwork which is oversize and/or overweight and does not fit into Category 1 or 2 (e.g. performance, installation and artwork which relies on a specific environment or site) can be submitted in Category 3 providing it is submitted on USB, CD or DVD. File formats must be capable of being played in VLC Media Player for use on a PC or Mac.

Two- or three-dimensional artwork may accompany the resolved artwork submitted in this category. Two- or three-dimensional submissions must not exceed the size and weight restrictions as detailed in Categories 1 and 2.

Good quality USBs must be used for the practical (production) examination submissions in Category 3. All USBs must be formatted as ‘exFAT’ (Extended File Allocation Table). Ensure that the USB is formatted first before loading the practical examination submission. Ensuring the USB is formatted as ‘exFAT’ will assist the marking process if there is a problem with the USB by locating the submission if it gets fragmented. More information may be obtained from the website, How-To Geek (http://www.howtogeek.com/235596/whats-the-difference-between-fat32-exfat-and-ntfs/).

Note: candidates are encouraged to provide a second backup USB with a copy of their production. If this option is chosen then the second USB must be clearly labelled ‘backup copy’. This backup copy will only be accessed should the original be faulty.
If supplying the production on a USB (including the backup copy) in Categories 2 and 3, place the USB in an A4 clear plastic button document wallet. Clearly label the USB and plastic document wallet with the candidate’s WASN both on the USB itself and on the top right hand corner of the flap of the plastic button document wallet.

### 11.1 Change to category

The deadline for submission category is **Wednesday, 29 July 2020**. However, after writing to **exams@scsa.wa.edu.au**, some changes may be made to categories up to and including **Monday, 17 August 2020**.

12. Procedures for submission

- Schools are responsible for the cost of packaging and transporting the practical (production) examination submissions to the marking centre.
- Resolved artwork must be labeled clearly and securely with the candidate’s WASN. If the submission has more than one artwork, each individual part of the practical (production) submission must be labelled with the candidate’s WASN and must be numbered 1 of X, 2 of X etc.
- Resolved artwork must not identify the candidate’s name, the candidate’s school or teacher.
- Further information about the delivery of the practical (production) examination submission to the marking centre will be sent to schools during Term 3.
- Non-school candidates will receive instructions through the mail to their home address detailing where to deliver their submission.
- Resolved artwork for external assessment must not be framed or include any unnecessary display materials. This includes stands, hangers, plinths and other display settings or accessories that are not an intrinsic part of the artwork and subject to assessment.
- Resolved artwork submitted for external assessment must not be offensive or dangerous. Artwork may challenge established views, however, it is important to consider and take into account the values of the audience and wider community.
- Resolved artwork must be dry before submission to prevent damage to it and to other artwork.
- Resolved artwork on paper must be card mounted for stability and protection. Schools should place these artworks between thicker cardboard to give added protection during marking. Only one overmount/window mount in black or white or perspex is acceptable for the protection of delicate paper works.
- Mannequins may be submitted with the artwork. Mannequins will also be provided by the Authority.
- Resolved artwork which includes glass as an intrinsic part of the artwork must use 4mm–6mm safety glass or perspex and be stable to handle. Glass must have bevelled edges.
- Resolved artwork must be stable and of sound construction to avoid damage during handling.
- Slumped glass may be incorporated as an essential part of the artwork but should be safe to handle and firmly constructed with no sharp edges, i.e. edges should be bevelled.
- Resolved artwork must not contain sharp, dangerous or unsuitable materials such as needles, broken mirror, broken glass, barbed wire or liquids which may be a hazard or that may damage other artworks.
- Artwork submitted with own technology should have the required recharging equipment submitted as well to ensure that it can be viewed as necessary.

For submissions in Category 2 or 3 on USB, CD or DVD format compatible with VLC Media Player, it is the teacher’s responsibility to ensure the practical (production) examination submission is rendered in a format which allows the markers to view it. All USB submissions must be checked for viruses before submitting and should not contain any other material except the production. Be particularly
careful that there is no reference to the candidate’s name, school or teacher in the work on the USB, CD or DVD.

- If submitting the production on a USB (including the backup copy) in Categories 2 and 3, place the USB in an A4 clear plastic button document wallet. Clearly label the USB and plastic document wallet with the candidate’s WASN both on the USB itself and on the top right hand corner of the flap of the plastic button document wallet.

13. Documentation of thinking and working practices

Records of the thinking and working practices that led to the development of a candidate’s submitted artwork must be kept by the school. Copies of practical (production) examination submissions in Category 2 or 3 on USB, CD or DVD must be retained by the school. The Authority may, after the examination process, call upon the documentation to substantiate the authenticity of a candidate’s submitted artwork. Copies of all documents included with submission, i.e. Declaration of authenticity, Practical (production) examination 2020 submission cover sheet and photograph(s), Visual evidence of work in progress, Production validation (source and acknowledgements) and Artist statement and where appropriate, copies of the electrical certification tag must also be kept by the school.

13.1 Declaration of authenticity

A Declaration of authenticity must accompany the practical (production) examination submission. Any practical (production) examination submitted without a completed Declaration of authenticity will result in a referral to the Breach of Examination Rules Committee.

The completed Declaration of authenticity must not be attached to the practical (production) examination submission. The completed declaration must be placed in the folder provided for this purpose.

Every candidate is required to complete a Declaration of authenticity and to submit it with the Visual Arts practical (production) examination submission.

14. Frequently asked questions (FAQs)

Refer to the FAQs document located on the course page of the Authority website for elaboration or clarification on practical examination submissions FAQs.

15. Return/collection of the practical (production) examination submissions

Schools must collect their candidates’ practical (production) examination submission between 12.00 and 4.00 pm on Monday, 12 October 2020 and from 8.00 am to 4.00 pm on Tuesday, 13 October 2020. A registration process for schools to indicate their collection date and time will be open at the same time as registration for delivery. Schools are to provide packing materials when collecting the practical (production) examination submissions.
Submissions not collected by metropolitan schools will be destroyed in accordance with the Department of Education’s retention and disposal schedule.

Country schools’ practical (production) examination submissions will be returned by the Authority.

Note: Practical (production) examination submissions received after the published time and date cannot be accepted.

16. Damage to resolved artwork

While all care is taken when handling artwork, where artwork is damaged in transport or as a result of handling during the marking process, any resulting minor damage will not influence the way the artwork is marked. Insurance of artwork is the school’s responsibility.

Appendix 1: Declaration of authenticity

ATAR course Practical (performance/portfolio/production) examinations 2020
Declaration of authenticity

ATAR course: (Circle one course)

DAN DES DRA MDT MPA VAR MUS Composition Portfolio only

This form must be completed by candidates enrolled to sit the examination for these courses only. Failure to submit a completed Declaration of authenticity could result in a referral to the Breach of Examination Rules Committee.

Candidate declaration

Name: _______________________________ School code: _______________________________

WA student number: _______________________________

As a candidate for the practical (performance/portfolio/production) examination, I declare that:

• I have completed all the work contained in this submission through the duration of the ATAR course units being examined
• none of the work performed or submitted was worked on directly by a teacher or any other person or company except those acknowledged, if appropriate, in the references or acknowledgements section or form
• none of the work in this examination was submitted for external assessment in any other ATAR course examination
• all documentation submitted is accurate
• I will submit this declaration in accordance with the instructions in the course practical examination requirements document.

Signature: _______________________________ Date: _______________________________

Principal and teacher declarations

This section is to be signed by the school principal and the candidate’s teacher.

I declare that, to the best of my knowledge, the work performed or submitted:

• has been completed by the candidate throughout the duration of the ATAR course being examined
• has been developed mainly in school time, and any work away from school was regularly monitored
• has not been worked on directly by a teacher or any other person or company and, if applicable, work has been formally referenced or acknowledged
• has not been submitted for external assessment in any other course or program
• has been checked, meets the practical examination requirements and a copy of this form kept as an official school record
• is in working order, i.e. appropriate USBs, DVDs and CDs are formatted correctly.

Practical (production) examination 2020

Artist statement

WA student number: __________ __________ __________

Instructions to candidates

An artist statement is a concise explanation of the submitted resolved artwork.
In the statement you should include the following:

- a reflection on significant stages of the art making process
- key decisions you made, and the acknowledgement of contextual and other influences on your artwork
- a reflection on the purpose, intent and meaning of your artwork, and how this relates to your personal point of view
- a statement describing how the frame is integral to the reading of the work and how it contributes to the meaning and communication of ideas (if the work is framed).

Submit only one artist statement of 300 words or less which must be word processed, using 11 point Arial font for the entire submission even if there is more than one resolved artwork in the submission.
Appendix 4: Visual evidence of work in progress

Visual Arts ATAR course Practical (production) examination 2020

Visual evidence of work in progress

You should include nine photographs to support your production submission. Photographs may be from significant and appropriate stages of your art making process (e.g. one art journal page, studio, inquiry process, sensory/experiential stimulus, media experiment). Photographs should demonstrate different stages of the design process and comment on the working process of the final artwork(s).

Note: photographs must be of single frames and NOT composite images. Photographs of journal pages must be clear if they contain more than one image on the journal page.

☐ Tick box if you have checked that there are no marks or teacher comments. Do NOT name your parent, teacher or school in this section. Use generic terminology, e.g. ‘my teacher’, ‘my father’ without using actual names.

**Acknowledge all sources used** i.e. from the primary sources (initial designs and stimulus) to the final resolved artwork including any secondary sources (if researched). The *Production validation (source acknowledgements)* form should be word processed, using 11 point Arial font if possible.

**All candidates must complete this section.**

**Primary sources** (original stimulus/information, i.e. original observational drawings, photography, interviews, collection of objects research, sourcing of materials).

**Secondary sources** (sources that have been utilised in the resolved artwork which are not original primary sources, i.e. visual images or sound that have been appropriated, used or adapted, other artists/designers/photographers’ works and written articles found online or in hardcopy texts). Supply the full url and preferably a screen shot for work obtained from the internet.

☑ Tick the box if not applicable

**Internal and external assistance** (details of all external assistance provided or outsourcing used in the construction of the artwork/s such as machine sewing, laser cutting or commercial casting, printing companies, art materials suppliers and carpentry).

Note: Do NOT name your parent, teacher or school in this section. Use generic terminology, e.g. ‘my teacher’, ‘my father’ without using actual names.

Appendix 8: Submission dimensions

Visual Arts ATAR course practical (production) examination 2020

Submission dimensions

A practical (production) examination submission can comprise one or more individual pieces. Requirements for the submission are explained in the Visual Arts ATAR course Practical (production) examination requirements 2020 document.

ALL submissions need to comply with ALL of the requirements, whether 2D, 3D or 4D, or a combination of these forms. The overall requirements of weight (20 kg), display space (two and a half square metres), volume (1.5 cubic metres) and time (four minutes) applies to the entire submission in Categories 2 and 3, irrespective of whether the submission is a single work or a combination of different artworks.

Note: ensure all equipment used such as paint, glue etc. are completely dry before submission.

**CATEGORY 1**

Category 1 examples of length and breadth for allowable area of 2.5 square metres. The resolved artwork must not exceed 20 kg in weight when packed or constructed for marking.

- 2.5m x 1.0m
- 1.58m x 1.57m
- 1.25m x 2.00m

**Example 1**

![Example 1 diagram]

**Example 2**

![Example 2 diagram]

**CATEGORY 2**

The volume of a body of work (1.5 cubic metres) is determined by the height, the width and the depth of the work when displayed for marking. This measurement applies to 3D works and/or submissions with 2D and 3D components. The resolved artwork must not exceed 20 kg in weight when packed or constructed for marking.
