

Sickness/Misadventure Application Form ATAR Course Examinations: 2025

Before completing a *Sickness/Misadventure Application Form*, please read the following information carefully:

- has your performance in an ATAR course examination been affected by a temporary sickness, non-permanent disability or unforeseen misadventure suffered immediately before or during the examination period? (For Dance practical candidates this includes a severe injury sustained after the start of Term 3, but still existing during the practical examinations.)
- were you prevented from attending an examination due to sickness and/or misadventure?

If you answered YES to either, or both, of these questions, then you should complete this form. The circumstances must have been beyond your usual control. A claim cannot be made for courses enrolled as a non-school candidate.

If your difficulties in sitting the ATAR course examination are the result of any of the reasons listed below, then your circumstances fall outside the Authority's policy and guidelines for sickness/misadventure:

- difficulties in preparation or loss of preparation time – for example, as a result of sickness during Year 12 unless in the two weeks prior to your first written examination
- alleged deficiencies in tuition
- long-term physical or psychological illness – unless you have suffered an acute episode of your illness during the examination period (including up to two weeks before your first written examination)
- the same grounds for which you received special examination arrangements – unless you experienced additional difficulties during an examination session
- misreading the examination timetable
- misreading examination instructions
- events related to your school assessment in a course
- attendance at a sporting or cultural event during a written examination.

Refer to the *Year 12 Information Handbook 2025: Part II* available on the Authority website for further details.

If the application is accepted, then an examination mark is calculated using your school assessment as a basis. The higher of the actual examination mark and the calculated examination mark becomes the examination mark that is given to you for that examination.

You will be notified of the outcome of your application through the student portal. This is the same location from which you will download your results. The notification will be available at the same time as your results. You will not be contacted in any other manner. No information will be available prior to the release of results.

Section F: Sickness categories – a reference for the medical practitioner/registered health professional

Notes for medical practitioner

- Any sickness should be of an acute or sub-acute nature with onset up to two weeks prior to the written examination. (Please give details above.) For Dance candidates, injuries after 21 July 2025 may be considered.
- Sickness in the two weeks prior to the written examination, which could interfere with preparation for the examinations, may be accepted as well as sickness occurring during the actual examinations.
- Sickness of a chronic nature is not acceptable. Candidates were able to apply for special examination arrangements if they suffered any chronic sickness or disability. Applications for these arrangements should have been made earlier in the year.
- Candidates presenting with a chronic mental illness must demonstrate that it has previously been controlled through intervention and/or special examination arrangements. There must be evidence of an unexpected acute episode, within two weeks of the written examination.
- Sickness can include acute emotional upsets, such as bereavements or serious illness in the family. Apply under category G. It does **not** include emotional traumas such as panic attacks or stress due to the examinations.
- Details of any sickness should include a brief history, essential clinical findings, such as **fever** or **rashes**, any relevant investigations, the dates of onset and recovery, diagnosis and an estimate of the degree of impairment of function relevant to the sitting of an examination. Where relevant, the following additional evidence is required: URTI e.g. details of specific complications, Glandular fever – **blood test results**. Chronic glandular fever must have evidence of impact during exams.
- Independent medical evidence is required in Section D (above) and must not be provided by a relative of the applicant.
- If you would like to discuss this application further, please contact Principal Consultant – Special Provisions on 9273 6327.

The following information is provided for the medical practitioner/registered health professional as a reference for completing Section D of the *Sickness/Misadventure Application Form*.
