

Externally set task – General and Foundation course specific requirements

To complete the externally set task (EST) for a course, students should take with them items typically used for school-based assessments, e.g. pens, pencils, ruler. For scanning purposes, students are requested to use only blue or black pen (not gel or erasable pens) and, where necessary, dark pencil.

Teachers must ensure students have their Western Australian student number (WASN) at the time of administering the EST, as this number must be written on the front cover of the EST.
