Requirements

As set out in the WACE Manual, every student studying a WACE course must be provided with the:

- school's senior secondary assessment policy
- syllabus
- school's course outline
- school's assessment outline.

These documents must be available to students before teaching begins. They can be provided as a hard copy or digitally, if the school ensures that all students have adequate access in this format.

The SDA reviews the school's course outline and assessment outline.

Course outline

The teacher determines the sequence in which the syllabus content will be taught and the timing of delivery. The school must provide this information to the students, before teaching begins, in the form of a course outline.

The format for a course outline is a school decision, but each outline must indicate:

- the timing of delivery
- the sequence in which **all** the syllabus content will be delivered.

Information about the assessment tasks can be included in the course outline, but is not essential because it is included in the assessment outline.

Assessment outline

The teacher determines the tasks that will be used to assess student performance, except for the externally set task (EST) for Year 12 General and Foundation courses which is set by the Authority and administered by the school. The set of tasks must conform to the assessment requirements as specified in the assessment table of the syllabus. This ensures that the planned assessment tasks provide students with the opportunity to demonstrate their achievement of the knowledge, skills and understandings that they have acquired in their study.

The set of tasks in the assessment outline must provide a comprehensive sampling of the syllabus content. The number of assessment tasks is determined by the teacher. Teachers should limit the use of small value tasks and focus on developing tasks that accurately reflect the assessment type in the syllabus.

The format for an assessment outline is a school decision, but each outline for a pair of units must include the following information:

- the number of tasks to be assessed
- a general description of each task
- the assessment type, as prescribed in the syllabus
- an indication of the syllabus content on which each task is based
- the approximate timing of each task (i.e. the week the task will be conducted or the start and submission dates for an extended task)
- the weighting of each assessment task
- the weighting of each assessment type, as prescribed in the assessment table of the syllabus.

A sample course outline and assessment outline for each pair of units is available on the relevant course page on the Authority website at <http://senior-secondary.scsa.wa.edu.au/syllabus-and-support-materials>.

Note: while the Authority provides sample course and assessment outlines for guidance, it is the expectation of the Authority that teachers will develop documents customised to reflect their school's context and the needs of the student cohort.

Syllabus delivery audit review criteria

Each course outline will be reviewed using the following criteria.

Preparation for uploading files

Schools are required to upload two separate documents (i.e. a course outline and an assessment outline) for each of the selected courses being delivered at the school.

The files to be uploaded can be either a **Word® document** or in **.pdf format**.

Note: the SDA software will only accept files less than 3MB in size.

Larger files can be reduced before uploading. The following link provides one way of reducing the file size: http://www.officetooltips.com/word_2013/tips/compress_the_pictures_in_a_document.html.

File naming conventions

Schools are required to ensure that each file is correctly named according to the following naming convention: **course unit code, underscore, document type, file format**.

Note: the SDA software will not accept a document if an incorrect file name is used.

The examples in the table below include .pdf, .doc and .docx, which are the acceptable formats.

Description of document	Convention	Example
A Word document for Foundation Year 11 English course outline	F (Foundation) E (Year 11) ENG (English) _ (underscore) CO (course outline) .docx (Word document)	FEENG_CO.docx

Section 2: Actioning reports

The school coordinator will provide a copy of the report DOA005 – School Report Detailed for the relevant course to the teacher/HoLA.

For each course, the result of the audit for both the course outline and the assessment outline is listed with the review criteria in the left column of the table, and the options selected by the reviewer in the right column. The options are either **Meets requirements** or a statement that details the action/s that need to be taken to meet the Authority’s requirements.

Where actions are required, these must be addressed as soon as possible, and access to modified/new documents provided to students.

The course outline	
is based on the content of the current syllabus	Meets requirements
provides an appropriate sequence and timing for the delivery of the syllabus content	revise the course outline to provide an appropriate timing of delivery of the syllabus content
The assessment outline	
uses the assessment types specified in the syllabus	Meets requirements
uses assessment type weightings which conform to the assessment table in the syllabus	Meets requirements

provides an adequate coverage of the syllabus content across the set of assessment tasks	Meets requirements
includes an appropriate number of tasks	Meets requirements
is consistent with the course outline	revise the course outline and/or the assessment outline to ensure consistency

Teachers should discuss the report with the relevant HoLA and review the documents against the report provided by the school coordinator.

Note: if the teacher is unable to identify the required action from the report DOA005, contact with the Principal Consultant for the course should only be made by the HoLA (see Appendix 1).
