Indonesian: Second Language ATAR course Practical (oral) examinations

This document contains general advice to teachers, candidates and parents on the Indonesian: Second Language ATAR course Practical (oral) examination.

Students who are enrolled in a Year 12 ATAR course pair of units are required to sit both the practical and written ATAR course examination. There are no exemptions and if candidates fail to sit and do not have an approved sickness/misadventure claim then the grades for the course units will not contribute to any of the WACE requirements.

The practical (oral) examinations for Indonesian: Second Language ATAR course will be held during the period from **Saturday, 14 October** to **Sunday, 15 October 2017**.

Candidates must be available to complete their practical (oral) examination during this time. A *Personalised practical examination timetable* (Appendix 1) for each candidate will be made available from **Friday, 8 September 2017** for schools/providers to download via SIRS and for students to download via the Authority's student portal. Non-school candidates will be notified directly by mail. Country candidates are expected to take their practical (oral) examination via telephone. If the candidate chooses to travel to the examination centre then they do so at their own cost.

For Indonesian: Second Language, the ATAR course examination weightings are:

- Written examination paper 60%
- Practical (oral) examination 40%

1. Reporting achievement

Teachers are responsible for ensuring the practical (oral) requirements are met and making sure candidates are adequately prepared for the practical (oral) examination. Teachers must ensure they are using the current syllabus. Any further advice on matters related to the syllabus or assessment will be published in the *11to12 Circular*, which is available on the Authority website at <http://www.scsa.wa.edu.au/publications/circular-ecircular>.

Teachers should also refer to the ATAR course examination information published in Section 6 of the *WACE Manual 2017*, which is available on the Authority website at <http://www.scsa.wa.edu.au/publications/wace-manual>.

For all ATAR courses with a practical examination, for the pair of units, schools are required to submit to the Authority a:

- course mark out of 100 (weighted for each component)
- mark out of 100 for the written component
- mark out of 100 for the practical component
- grade for the completed pair of units.

2. Candidates with an injury, illness or disability

Candidates who have a permanent disability that could prevent them demonstrating their knowledge, understanding or skills in a standard practical examination may apply to be assessed under special examination arrangements. Candidates with a long-term injury or illness which existed prior to the beginning of Term 3 are to apply for special arrangements to be examined in an alternative format if the injury or illness will affect their participation in the standard practical examination. Application is made on the form available at all schools and must be received at the Authority by **Friday, 28 July 2017**. These candidates will not be

granted sickness/misadventure approval. Additional application forms may be obtained on request or from the Authority website at <http://www.scsa.wa.edu.au/forms/forms>.

3. Provisions for sickness/misadventure

Consideration may be given to candidates (except non-school candidates) who believe their performance in a practical examination may have been affected by an unexpected sickness, or unforeseen event beyond their control, close to or during the examinations. Such candidates may apply for sickness/misadventure consideration. Application is made by the candidate by the prescribed date using the form available in schools or from the Authority website at <http://www.scsa.wa.edu.au/forms/forms>. A candidate with an injury or illness existing at the start of Term 3 is not entitled to apply for sickness/misadventure consideration on the basis of the existing injury or illness.

4. Principles of external assessment

The marking process preserves the anonymity of the candidate and the candidate's school. This requires that the candidate is identified only by their SCSA student number.

Markers apply a consistent standard to assess the candidate's work. This requires:

- a marking key for the practical (oral) examination
- attendance at a marker training meeting prior to the commencement of marking
- trial marking of sample oral recordings to ensure a common understanding of the marking key
- the practical (oral) examination to be marked independently by two markers who then reconcile any differences between them
- the chief marker to ensure consistency throughout the marking by monitoring the marking process and reconciling significant differences where necessary.

5. Criteria for marking

Practical (oral) performance is assessed on what a candidate is able to demonstrate through each part of the interview. The practical (oral) examination marking key 2017, published on the Authority website, identifies the assessment criteria suited to each part of the interview task and describes levels of candidate performance for each criterion. Therefore, students are advised to familiarise themselves with the marking key as preparation for their performance in the examination. For Part C of the interview, the candidate is strongly advised to participate in a conversation with the marker, rather than attempt to recite a prepared response that resembles a monologue. In the interest of the candidate, such monologues will be interrupted by the marker at an appropriate point.

A numerical scale is used to assess candidate performance in the practical (oral) examination. All candidates are examined against the following criteria:

- comprehension
- response (relevance and depth of information)
- language range (vocabulary and grammar)
- language accuracy (grammar)
- speech (flow, pronunciation and intonation).

6. Marking procedure

Each candidate's practical (oral) examination is marked independently by two markers. One marker conducts the interview while the second marker sits in the background and makes notes on the candidate's performance. An audio recording of each candidate's performance is made. The audio recordings are used to ensure comparability between markers. Selected samples may also be included as exemplars for standards purposes.

7. Examination procedure

On the day of the practical (oral) examination, the candidate must bring their *Personalised practical examination timetable*.

The candidate may bring one combined print dictionary (Indonesian/English and English/Indonesian dictionary) or two separate dictionaries (one English/Indonesian dictionary and one Indonesian/English dictionary). Dictionaries must not contain any notes or other marks. No electronic dictionaries are allowed.

If a candidate is found with any unauthorised materials during the examination, they may be referred to the Breach of Examination Rules committee.

The candidate must ensure that nothing they carry or wear can identify either them, their school, club or achievements. If this does occur, the candidate may be referred to the Breach of Examination Rules committee.

The candidate is required to report to a supervisor at the examination centre at the scheduled reporting time. This reporting time is 20 minutes before the scheduled examination time. The scheduled examination time is the time at which the candidate begins their preparation. The practical (oral) examination includes both the preparation time and interview.

A candidate who has not reported to a supervisor once their scheduled examination time has commenced will not be admitted to the practical (oral) examination and the examination cannot be rescheduled.

At the scheduled reporting time, the candidate reports to the registration desk with their *Personalised practical examination timetable*. Prior to the scheduled examination time, a supervisor directs the candidate to leave any unauthorised materials at the registration desk. The supervisor accepts no responsibility for these materials. The supervisor takes the candidate to a preparation room. There may be more than one candidate being supervised in the preparation room.

At the commencement of the scheduled examination time, a supervisor gives the candidate a preparation booklet. During the preparation time, the candidate prepares for the interview by listening to the audio texts, making notes in their preparation booklet and, if they wish, by referring to their dictionary.

Following the preparation time, the candidate, along with their preparation booklet and dictionary, is taken to an interview room leaving the audio text, listening equipment and head phones in the preparation room.

The candidate must leave the examination area once they have completed the examination and must not have contact with candidates waiting to be examined, or teachers, or other parties who are seeking feedback from the examination until all the examinations have concluded. Failure to do so could result in a breach of examination rules.

8. Breach of examination rules

An alleged breach of examination rules is referred to the Breach of Examination Rules committee. Further information related to breach of examination (malpractice) can be found at <http://www.scsa.wa.edu.au/publications/year-12-information>.

A breach of one of these rules can result in cancellation of a part or all of the practical raw examination mark.

9. Structure of the practical (oral) examination

Examination	Duration
Part A: Preparation of stimulus	15 minutes
Part B: Discussion prompted by audio texts	approximately 6 minutes
Part C: Conversation	approximately 6 minutes

10. Conduct of the practical (oral) examination

Part A: Preparation of stimulus (15 minutes)

During the preparation time, the candidate uses a computer with Microsoft Media Player to listen to 1–2 Indonesian audio texts covering a range of text types related to the learning contexts and topics of Units 3 and 4 (the candidate may replay the audio texts). The candidate prepares responses to the audio texts and makes notes in the preparation booklet provided. Only notes made in the preparation booklet may be taken into the interview room and may be referred to during Part B of the examination; however, candidates must ensure they do not read from the notes. The candidate may refer to a dictionary during the preparation time.

Following the preparation time, the candidate leaves the audio texts, listening equipment and head phones in the preparation room and is taken to an interview room. The candidate takes with them their preparation booklet and dictionary. Dictionaries must not be used during Part B or Part C of the practical (oral) examination.

Part B: Discussion prompted by stimulus (approximately 6 minutes)

When the candidate enters the interview room, the marker begins with a greeting to the candidate in Indonesian and then asks them in English to state their School Curriculum and Standards Authority student number. The candidate reads out their number in English.

Marker: *Selamat pagi.*

Candidate: *Selamat pagi Bu/Pak.*

Marker: *Apa kabar?*

Candidate: *Baik. Terima kasih.*

Marker: *I am your interviewer for the Indonesian practical oral examination today. Can you read me your student number please?*

Candidate: *Yes, my number is ...*

Marker: *Thank you. I'll repeat that number (repeats numbers to confirm).*

The marker initiates Part B of the examination with a question related to the audio texts:

Marker: *Kamu sudah mendengar audio teksnya?*

The candidate responds to the questions related to the audio texts.

The marker asks questions on the audio texts. The candidate is encouraged to respond with as much information as possible to demonstrate what they know and understand from the audio texts. The candidate uses their responses to support the discussion and should also aim to display the flexible use of a range of linguistic structures and vocabulary during this time.

At the end of Part B, the marker asks the candidate for their preparation booklet.

Part C: Conversation (approximately 6 minutes)

In Part C, the candidate participates in a conversation in Indonesian with the marker drawing on a range of topics from Unit 3 and Unit 4.

The marker initiates Part C of the examination with the following statement:

Marker: *Baik. Sekarang kita akan lanjutkan ke bagian C – Percakapan.*

The marker asks questions to encourage the candidate to speak about the topics from Unit 3 and Unit 4. Neither the number of questions nor the number of topics covered by the examination is predetermined. However, the candidate can expect to be asked a range of questions sampling the content of both course units. The questions the marker asks may relate to a previous response made by the candidate or introduce a new topic. The range and depth of questions asked are sufficient to allow an accurate assessment of the candidate's linguistic ability. The candidate uses their responses to demonstrate their Indonesian oral communication skills and understandings of the topics of each of the course units.

At the end of Part C, the marker stands, thanks the candidate and states that the examination has concluded.

Marker: *Terima kasih, ujiannya sudah selesai. Sampai jumpa.*
