PHYSICAL EDUCATION STUDIES
GENERAL COURSE

Externally set task
Sample 2016
Note: This Externally set task sample is based on the following content from Unit 3 of the General Year 12 syllabus.

**Exercise physiology**

- Prevention of sports injuries, using protective equipment, effective warm-up and cool down and ensuring a safe environment
- Immediate care of sporting injuries including use of TOTAPS (talk, observe, touch, active movement, passive movement, skill test), RICER (rest, ice, compress, elevate, refer) and HARM (heat, alcohol, running, massage) strategies
- Extended care and rehabilitation of the injured athlete
  - Goals for rehabilitation – restore range of motion, regain muscular strength, endurance and power, regain postural stability and balance, maintain cardiorespiratory fitness

In future years, this information will be provided late in Term 3 of the year prior to the conduct of the Externally set task. This will enable teachers to tailor their teaching and learning program to ensure that the content is delivered prior to the students undertaking the task in Term 2 of Year 12.
Physical Education Studies

Externally set task

Working time for the task: 60 minutes
Total marks: 54 marks
Weighting: 15% of the school mark

1. In a sport of your choice, list three (3) pieces of protective equipment and explain how each prevents injury to the athlete. (9 marks)
