Japanese: Second Language ATAR course Practical (oral) examination

This document provides general advice to teachers, candidates and parents about the Japanese: Second Language ATAR course Practical (oral) examination.

Where the Year 12 ATAR course has both written and practical examinations, students are required to sit for both of these examinations. Students who do not sit an ATAR course examination and do not have an approved sickness/misadventure application for that course, will not have the grades for the pair of units completed in that year contribute to the calculation of the Western Australian Certificate of Education (WACE).

The practical (oral) examination for Japanese: Second Language ATAR course will be held during the period from Saturday, 10 October to Sunday, 11 October 2020 at metropolitan locations. Candidates must be available to complete their practical (oral) examination during this time. A Personalised practical examination timetable (Appendix 1) for each candidate will be made available from Thursday, 10 September 2020 for schools/providers to download via SIRS and for students to download via the School Curriculum and Standards Authority (the Authority) student portal (https://studentportal.scsa.wa.edu.au/). Country candidates are expected to take their practical (oral) examination via telephone or may choose to travel to the examination centre at their own cost.

For Japanese: Second Language, the ATAR course examination weightings are:

- Written examination 70%
- Practical (oral) examination 30%

1. Reporting achievement

Teachers are responsible for ensuring the practical (oral) examination requirements are met and making sure candidates are adequately prepared. Teachers must ensure they are using the current syllabus. Any further advice on matters related to the syllabus or assessment will be published in the 11to12 Circular (http://www.scsa.wa.edu.au/publications/circular-ecircular) on the Authority website.

For all ATAR courses with a practical examination, for the pair of units, schools are required to submit to the Authority a:

- course mark out of 100 (weighted for each component)
- mark out of 100 for the written component
- mark out of 100 for the practical component
- grade for the completed pair of units.
2. **Provisions for sickness/misadventure**

Consideration may be given to candidates (except non-school candidates) who believe their performance in a practical examination may have been affected by an unexpected sickness, or unforeseen event beyond their control, close to or during the examinations. Such candidates may apply for sickness/misadventure consideration. Candidates may apply for sickness/misadventure by **4.00 pm Tuesday, 24 November 2020** using the form available in schools or on the Authority website, [Applications and Order Forms](https://www.scsa.wa.edu.au/forms/forms).

3. **Principles of external assessment**

The marking process preserves the anonymity of the candidate and the candidate’s school. This requires that the candidate is identified only by their Western Australian student number (WASN).

Markers apply a consistent standard to assess the candidate’s work. This requires:

- a marking key for the practical (oral) examination
- attendance at a marker training meeting prior to the commencement of marking
- trial marking of sample oral recordings to ensure a common understanding of the marking key
- the practical (oral) examination to be marked independently by two markers who then reconcile any differences between them
- the Chief Marker to ensure consistency throughout the marking by monitoring the marking process and reconciling significant differences where necessary.

4. **Criteria for marking**

Practical (oral) performance is assessed on what a candidate is able to demonstrate through each part of the interview. The *Practical (oral) marking key 2020*, published on the Authority website, identifies the assessment criteria suited to each part of the interview task and describes levels of candidate performance for each criterion. Therefore, students are advised to familiarise themselves with the marking key as preparation for their performance in the examination. For Part C of the examination, the candidate is strongly advised to participate in a conversation with the marker, rather than attempt to recite a prepared response that resembles a monologue. In the interest of the candidate, such monologues will be interrupted by the marker at an appropriate point.

A numerical scale is used to assess candidate performance in the practical (oral) examination. All candidates are examined against the following criteria:

- comprehension
- response (relevance and depth of information)
- language range (vocabulary and grammar)
- language accuracy (grammar)
- speech (flow, pronunciation and intonation).
5. Marking procedure

Each candidate’s practical (oral) examination is marked independently by two markers. One marker conducts the interview while the second marker sits in the background and makes notes on the candidate’s performance. An audio recording of each candidate’s performance is made. The audio recordings are used to ensure comparability between markers.

6. Examination procedure

On the day of the practical (oral) examination, the candidate must bring their Personalised practical examination timetable.

The candidate must also bring one stimulus item of their choice (e.g. picture, image, object, diagram, map) related to the learning contexts and topics of Unit 3 and/or Unit 4. Notes or annotations are not permitted on the stimulus item. Candidates may bring prepared notes to support their stimulus item. A candidate who does not bring the required stimulus item to the examination is unable to complete Part B of the examination and will therefore receive a zero score for this part.

The candidate may bring one combined print dictionary (one Japanese/English and English/Japanese dictionary) or two separate print dictionaries (one Japanese/English dictionary and one English/Japanese dictionary). Dictionaries must not contain any notes or other marks. No electronic dictionaries are allowed.

If a candidate is found with any unauthorised materials during the examination, they may be referred to the Breach of Examination Rules Committee.

The candidate must not wear or carry anything that identifies them, their school, club or achievements. Failure to do so will result in a breach of examination rules.

The candidate is required to report to a supervisor at the examination centre at the scheduled reporting time. This reporting time is 20 minutes before the scheduled examination time. The scheduled examination time is the time at which the candidate begins their preparation. The practical (oral) examination includes both the preparation time and interview.

A candidate who has not reported to a supervisor once their scheduled examination time has commenced will not be admitted to the practical (oral) examination and the examination cannot be rescheduled.

At the scheduled reporting time, the candidate reports to the registration desk with their Personalised practical examination timetable. Prior to the scheduled examination time, a supervisor directs the candidate to leave any unauthorised materials at the registration desk. The supervisor accepts no responsibility for these materials. The candidate is permitted to retain their prepared notes and stimulus item. The supervisor takes the candidate to a preparation room. There may be more than one candidate being supervised in the preparation room.

At the commencement of the scheduled examination time, a supervisor gives the candidate a preparation booklet. During the preparation time, the candidate prepares for the interview by
continuing to make notes in their preparation booklet and, if they wish, by referring to their dictionary.

The candidate must leave the examination area once they have completed the examination and must not have contact with candidates waiting to be examined, or teachers, or other parties who are seeking feedback from the examination until all the examinations have concluded. Failure to do so could result in a breach of examination rules.

7. Breach of examination rules

A breach of one of these rules can result in cancellation of a part or all of the practical raw examination mark.

9. Conduct of the practical (oral) examination

**Part A: Preparation of stimulus** (15 minutes)

During the preparation time, the candidate prepares responses to the stimulus item they have brought with them and their prepared notes, and continues to make notes in the preparation booklet provided. The stimulus item is to be related to one or more of the learning contexts and topics of Unit 3 and/or Unit 4. The candidate may refer to a dictionary during the preparation time, but not during Part B and Part C of the examination.

Following the preparation time, the candidate hands their prepared notes and preparation booklet to the supervisor.

The candidate takes their belongings, including dictionaries and stimulus, with them to the interview room and is instructed where to place them for the duration of the interview.
**Part B: Discussion prompted by stimulus** (approximately 3–4 minutes)

When the candidate enters the interview room, the marker begins with a greeting to the candidate in Japanese and then asks them in English to state their WASN. The candidate reads out their number in English.

Marker: おはようございます・こんにちは

Candidate: おはようございます・こんにちは

Marker: おげんきですか。

Candidate: はい、げんきです。

Marker: I am your interviewer for the Japanese Practical (oral) examination today. Can you read me your WA student number in English please?

Candidate: Yes my number is ...

Marker: Thank you. I’ll repeat that number (repeats numbers to confirm).

The marker initiates Part B of the examination with one of the following questions:

Marker: 何かもってきましたか。

or

何について話しますか。

and

では、話してください。お願いします。

The candidate responds by introducing in up to 60 seconds the stimulus item in Japanese and states the learning context and topic from Unit 3 and/or Unit 4 of the syllabus to which they are relating it. During this time the marker does not ask questions.

The marker then asks questions about the stimulus item that provide the candidate with the opportunity to express ideas and opinions. The candidate uses their responses to support the discussion and should also aim to display a flexible use of a range of linguistic structures and vocabulary during this time.
**Part C: Conversation** (approximately 7–8 minutes)

In Part C, the candidate participates in a conversation in Japanese with the marker drawing on a range of topics from Unit 3 and Unit 4.

The marker initiates Part C of the examination with:

Marker: では、次はパート C です。

Then the marker asks one of the following questions:

Marker: 今年、日本語のクラスでは、何をべんきょうしましたか。

or

Marker: 今年、日本語のクラスでは、どんなトピックをべんきょうしましたか。

The marker asks questions to encourage the candidate to speak about the topics from Unit 3 and Unit 4. The conversation does not include the focus of the stimulus item discussed in Part B of the examination. Neither the number of questions nor the number of topics covered by the examination is predetermined. However, the candidate can expect to be asked a range of questions sampling the content of both course units. The questions the marker asks may relate to a previous response made by the candidate or introduce a new topic. The range and depth of questions asked are sufficient to allow an accurate assessment of the candidate’s linguistic ability. The candidate uses their responses to demonstrate their Japanese oral communication skills and understandings of the topics of each of the course units.

At the end of Part C, the marker stands, thanks the candidate and states that the examination has concluded.

Marker: はい、おつかれさまでした。これでしけんがおわりました。さようなら。
