Requirements

As set out in the *WACE Manual*, every student studying a WACE course must be provided with the:

- school's senior secondary assessment policy
- syllabus
- school's course outline
- school's assessment outline.

These documents must be available to students before teaching begins. They can be provided as a hard copy or digitally, if the school ensures that all students have adequate access in this format.

The SDA reviews the school's course outline and assessment outline.

Course outline

The teacher determines the sequence in which the syllabus content will be taught and the timing of delivery. The school must provide this information to the students, before teaching begins, in the form of a course outline.

The format for a course outline is a school decision; but each outline must indicate:

- the timing of delivery
- the sequence in which **all** the syllabus content will be delivered.

Information about the assessment tasks can be included, but is not essential because it is included in the assessment outline.

Assessment outline

The teacher determines the tasks that will be used to assess student performance, except for the externally set task (EST) for Year 12 General and Foundation courses, which is set by the Authority and administered by the school. The set of tasks must conform to the assessment requirements as specified in the assessment table of the syllabus. This ensures that the planned assessment tasks provide students with the opportunity to demonstrate their achievement of the knowledge, skills and understandings that they have acquired in their study.

The set of tasks in the assessment outline must provide a comprehensive sampling of the syllabus content. The number of assessment tasks is determined by the teacher. Teachers should limit the use of small-value tasks and focus on developing tasks that accurately reflect the assessment type in the syllabus.

The format for an assessment outline is a school decision, but each outline for a pair of units must include the following information:

- the number of tasks to be assessed
- a general description of each task
- the assessment type, as prescribed in the syllabus
- an indication of the syllabus content on which each task is based
- the approximate timing of each task (i.e. the week the task will be conducted or the start and submission dates for an extended task)
- the weighting of each assessment task
- the weighting of each assessment type, as prescribed in the assessment table of the syllabus.

A sample course outline and assessment outline for each pair of units is available on the relevant course page on the Authority website at <https://senior-secondary.scsa.wa.edu.au/syllabus-and-support-materials>.

Note: while the Authority provides sample course and assessment outlines for guidance, it is the expectation of the Authority that teachers will develop documents customised to reflect their school's context and the needs of the student cohort.

Syllabus delivery audit review criteria

Each course outline will be reviewed using the following criteria.

Preparation for uploading files

Schools are required to upload two separate documents (i.e. a course outline and an assessment outline) for each of the selected courses being delivered at the school.

The files to be uploaded can be either a **Word® document** or in **.pdf format**.

Note: the SDA software will not accept files larger than 3MB.

Larger files can be reduced before uploading. The following link provides one way of reducing the file size: http://www.officetooltips.com/word_2013/tips/compress_the_pictures_in_a_document.html.

File naming conventions

Schools are required to ensure that each file is correctly named according to the following naming convention: **course unit code, underscore, document type, file format**.

Note: the SDA software will not accept a document if an incorrect file name is used.

The examples in the table below include **.pdf**, **.doc** and **.docx**, which are the accepted formats.

Description of document	Convention	Example
A Word document for Foundation Year 11 English course outline	F (Foundation) E (Year 11) ENG (English) _ (underscore) CO (course outline) .docx (Word document)	FEENG_CO.docx
A Word document for Foundation Year 11 English assessment outline	F (Foundation) E (Year 11) ENG (English) _ (underscore) AO (assessment outline) .doc (Word document)	FEENG_AO.doc

A Word document for General Year 12 Materials Design and Technology Wood course outline	G (General) T (Year 12) MDT (Materials Design and Technology) W (Wood) _ (underscore) CO (course outline) .doc (Word document)	GTMDTW_CO.doc

Note: there are no spaces in the file names.

Section 2: Upload process

Logging in to SIRS2

Only one current SIRS2 user for each school can log in to upload files. The school must use its **primary SIRS login** which is p<<school code>> (e.g. p6789).

Support

The SDA IT helpdesk is available between 9.00 am and 4.00 pm on business days. The helpdesk number is (08) 9273 6719. Enquiries regarding document content or format should be directed to the Principal Consultant for the course (see Appendix 1).

Timelines for uploading files

Files must be uploaded between **9.00 am Monday, 16 January 2023 and 4.00 pm Friday, 17 February 2023**. After this period, schools will not be able to upload files.

If the selected file cannot be uploaded, an alert appears in a pink banner at the top of the screen (see screenshot below). This could be due to either:

- the file having a name that does not match the required convention.
- the file not being uploaded to the correct location. For example, a file with course outline in the file name cannot be uploaded in the assessment outline section, and a course outline for one course cannot be uploaded to the course outline section for a different course.

File cannot be uploaded. Please check that:

- the file is named correctly AECHE_CO
- the file name matches the location to which you are attempting to upload CourseOutline

Section 3: Post-review

Information for school coordinators

Trained reviewers, including experienced teachers and Principal Consultants from the Authority, will review the course outline and assessment outline.

Documents will be reviewed from **Thursday, 2 March** to **Tuesday, 7 March 2023**.

Note: schools cannot upload documents during this time.

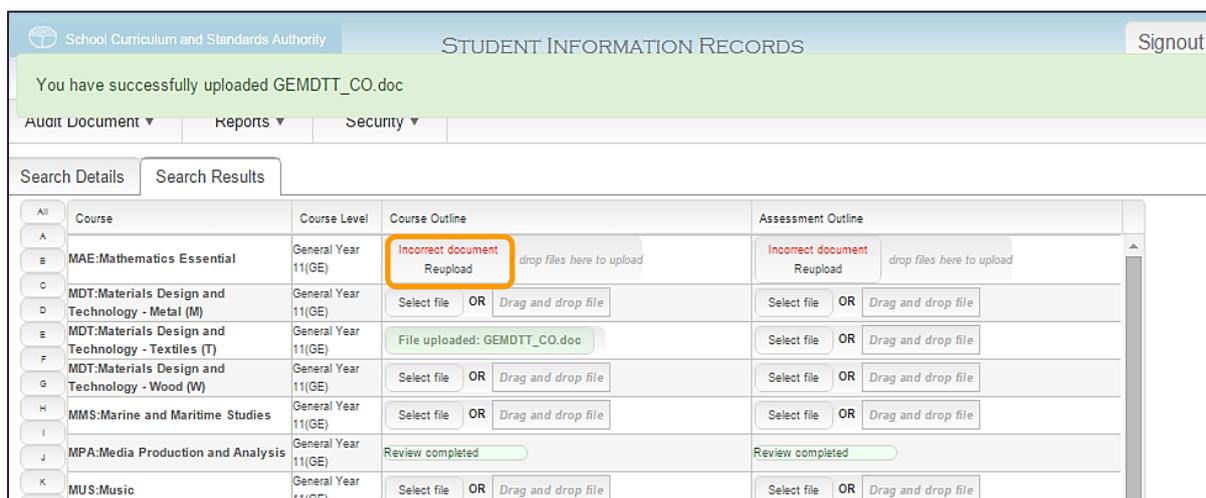

Incorrect documents

If the contents of a document do not match the file name, the reviewer will label the document as **Incorrect document** (see screenshot below). Incorrect document notifications can be seen in the SIRS2 upload screen.

An **Incorrect document** may be one of the following:

- a document that has been uploaded for the wrong course
- a course outline in an assessment outline file
- an assessment outline in a course outline file.

Following the review period, schools will be notified when SIRS2 can be accessed. The school coordinator is required to monitor this page and upload and replace incorrect files with the correct ones. Files can be re-uploaded by either dragging and dropping, or selecting the file.

Understanding school reports

DOA001 Syllabus Delivery Audit – School Overview

This SIRS2 report shows an overview of the outcomes of the SDA for the selected courses being delivered by the school.

Step 1

Review the **Uploaded** column to check that all documents have been uploaded for the selected courses or if there are any documents missing.

Action: upload any missing documents by **4.00 pm Monday, 13 March 2023**.

Step 2

Check the **Review Status** column to check that both documents have been reviewed. If both the documents have been reviewed, the **Review Status** will be shown as **Review completed**. If the documents have not been reviewed, the **Review Status** will read **Ready for review** or **In progress**.

Step 3

Review the **All Criteria Met** column to determine whether all criteria have been met.

Note: if the document originally loaded into SIRS2 was not the correct document, then **Incorrect document** will appear in this column.

Action: contact the teacher of the course to provide and/or correctly name the file identified as an incorrect document. Re-upload the correct document.

Step 4

Review the **No. of Criteria Needing Revision** column to determine the number of criteria not met for a particular course (see screenshot below). More detailed information is available in report DOA005.

Course	Document	Uploaded	Review Status	All Criteria Met	No. of Criteria Needing Revision

The school coordinator will provide a copy of the report DOA005 – School Report Detailed for the relevant course to the teacher/HoLA.

Where actions are required, these must be addressed as soon as possible, and access to modified/new documents provided to students.

Teachers should discuss the report with the relevant HoLA and review the documents against the report provided by the school coordinator.

Note: if the teacher is unable to identify the required action from the report DOA005, contact with the Principal Consultant for the course should only be made by the HoLA (see Appendix 1).
