

Accounting and Finance General Course Year 12

Selected Unit 3 syllabus content for the

Externally set task 2017

This document is an extract from the *Accounting and Finance General Course Year 12 syllabus*, featuring all of the content for Unit 3. The content that has been highlighted in the document is the content on which the Externally set task (EST) for 2017 will be based.

All students enrolled in the course are required to complete an EST. The EST is an assessment task which is set by the Authority and distributed to schools for administering to students. The EST will be administered in schools during Term 2, 2017 under standard test conditions. The EST will take 50 minutes.

The EST will be marked by teachers in each school using a marking key provided by the Authority. The EST is included in the assessment table in the syllabus as a separate assessment type with a weighting of 15% for the pair of units.

Unit 3

Unit description

The focus for this unit is double-entry accounting for small businesses. Students apply their understanding of financial principles, systems and institutions to manage financial information and make decisions in a variety of small businesses. Students develop an understanding of the rationale for the use of particular conventions and principles and the consequences of disregarding them. Students record and process financial information using the double-entry system and apply the principles of Goods and Services Tax (GST). Students learn about the various forms of business organisations adopted by small business.

In implementing this syllabus, teachers must refer to the current practices as prescribed by the Australian Accounting Standards Board and other relevant legislation.

Unit content

An understanding of the Year 11 content is assumed knowledge for students in Year 12. It is recommended that students studying Unit 3 and Unit 4 have completed Unit 1 and Unit 2.

This unit includes the knowledge, understandings and skills described below.

Financial institutions and systems

Financial institutions

- sources of finance, other than equity, available to small businesses
- advantages and disadvantages of these sources of finance
- factors considered by financial institutions when approving finance
 - risk (collateral, liquidity, history, guarantors)
