Instructions to candidates

1. You are required to wear clothing and personal playing and safety equipment that is approved for competition by the sport’s governing body.

2. Clothing must not identify you, your school, club or achievements, and it is requested that you wear black, navy or a white shirt for the examination.

3. You are required to report to a supervisor to register for the practical examination 40 minutes before your scheduled examination time.

4. Once your attendance has been recorded you will be given a coloured, numbered bib to wear for the examination and you will be directed to a supervised warm up area.

5. Just prior to the scheduled examination time you will be escorted from the warm up area to the examination area.

6. You must follow the requirements for this examination published in the Physical Education Studies ATAR course Practical (performance) examination requirements 2019 document.
### SECTION ONE – Skills Performance

1. Skills set

</table>

(30 marks)
Drill #1: Outfield catch

Key:
- $X$ = player
- $O$ = feeder
- $\triangle$ = marker
- $\rightarrow$ = player movement
- $\rightarrow$ = ball movement

Drill description

1. Feeder strikes a high ball to land in a 20 m square, which is 50 m from the batting crease.

2. Player $X_1$ starts 10 m from the furthest side of the square and must move and catch the ball after it has been struck.

3. The ball is to be caught inside the 20 m square.

4. Player $X_1$ throws ball to the wicketkeeper ($X_2$).
Drill #2: Infield: ground fielding and overarm throw

Drill description

1. Stumps set up with a marker 30 m from the stumps at a position mid-pitch (cover or midwicket fielding positions).

2. Line marked 20 m from the stumps at the striker’s end.

3. Ball is struck firmly along the ground towards the player X by the feeder (O₁) from the striker’s end.

4. Player X fields the ball and throws overarm at the stumps at the non-striker’s end.

5. Feeder O₂ is standing over the stumps.
Drill #3: Bowling: Pace (swing and seam) or spin

Key:
- X = player
- O = feeder
- △ = marker
- → = player movement
- — = ball movement
- = target area

Drill description
1. Player X selects to bowl either pace (swing or seam) or spin.
2. Each player delivers the ball while aiming to swing, seam or spin the ball, land the ball in the target zone and directed at the off stump.
3. The target zone is 2 m long and 80 cm wide in line with the right-hander’s middle stump (extending 40 cm either side of the middle stump), starting 3 m from the stump.
Drill #4: Front foot stroke production, Back foot offensive stroke production

Front foot stroke production

Back foot offensive stroke production

Key:

- X = player
- O = feeder
- △ = marker
- → = player movement
- —— = ball movement

Drill description

1. Feeder to deliver six full length balls and then six short pitched balls to the player X.

2. Full length balls are straight, on line with the off stump and bounce 3 m – 4 m from the stumps. Player X is to execute a front foot stroke from this delivery.

3. Short pitched balls are straight, on line or just outside the off stump and landing 8 m – 10 m from the stumps. Player X is to execute a back foot offensive stroke from this delivery.
### SECTION TWO – Conditioned Performance

(20 marks)
